Campus Fold Down by Audience Systems

Two examples of the fold down lecture table and chairs mounted to a TX telescopic seating system as designed by Audience Systems. We will be installing one of these systems at the South Louisiana Community College in Lafayette, LA by the end of this year.

The Campus Fold Down is a flexible lecture theatre seating system ideal for use in multipurpose teaching spaces and auditoria. It can be specified with a choice of seats and backs to suit individual requirements. The Fold Down combines the usability of lecture theater seating with the flexibility of a telescopic or a removable system when combined with our Matrix system. With its durable steel frame, the Fold Down system is based on Audience Systems' chair models Alpha and Studio 2. The Fold Down features an integral continuous writing tablet, which when on a retractable platform, will form the front fascia of the unit when closed. The 5/8" MDF continuous writing tablet is finished with either melamine or with beech veneer with two coats of polyurethane lacquer. The Fold Down system can be customized with seat numbers and aisle letters to suit specific needs. Contact me today for more information!

Who we're working with

- **HAND CONSTRUCTION**
- **JBHM ARCHITECTS**
- **COLEMAN PARTNERS**
- **RYAN COMPANY**
- **DEUMITE CONSTRUCTION**

The secret word is: America

What we're working on

- **SOUTHWEST LOUISIANA COMMUNITY COLLEGE – AUDIENCE SYSTEMS**
- **HARDING UNIVERSITY – INTERKAL BLEACHERS**
- **HAUGHTON MIDDLE SCHOOL – PORTER ATHLETICS**
- **PROVENCAL SCHOOL – PORTER ATHLETIC**

Where we're working

- **ABITA SPRINGS, LA**
- **HAUGHTON, LA**
- **SEARCY, AR**
- **LAFAYETTE, LA**
- **PROVENCAL, LA**

Proverbs 15:1 MSG
A gentle response
defuses anger, but a
sharp tongue kindles
a temper-fire.

Come
See Us!

We will be at Booth 20 at the 2016 AIA Louisiana Expo at the Double Tree by Hilton in Lafayette, LA on September 8th and 9th. Be sure to stop by and visit. The first person

to give me the secret word found in this newsletter will win a special prize.

Congratulations to Holly and Smith Architects! Their recently completed project, Monroe Hall at Loyola University in New Orleans, has received regional recognition from the AIA Gulf States Region Design Awards program.
